TANTIVE IV™

STAR WARS

DO NOT TEAR THIS SHIP APART

"For many fans, the *Tantive IV*™ was the very first *Star Wars* starship we ever saw, in the opening scene of *A New Hope*. Under the guise of an ambassadorial mission, the CR90 Corellian corvette, relatively insignificant in size and immediately dwarfed by the pursuing *Devastator* Star Destroyer, secretly carries passengers and intelligence vital to the Rebel Alliance.

By the time Darth Vader threatens to tear the ship apart, we're already rooting for the underdogs to win. And what a journey this Rebel crew has taken us on. In celebration of 25 years of LEGO® *Star Wars*™, we're launching this model as part of our new Starship Collection – a series of highly detailed display models, perfectly sized for your shelf or desk."

Jens Kronvold Frederiksen
Creative Director, LEGO® *Star Wars*™

ROYALS AND REBELS

As the saga unfolds, we learn more of the role the *Tantive IV*[™] has played in the Royal House of Alderaan. Acquired by Bail Organa for his diplomatic travels and conferences, he would also use it to escape the attention of Imperial forces while on clandestine

missions for the Rebel Alliance. The *Tantive IV* remains Princess Leia's personal starship in the lead-up to the Battle of Yavin. Decades later, during the war between the First Order and the Resistance, it is recommissioned for the climactic Battle of Exegol.

HIGH POWER-TO-MASS RATIO

Manufactured by the Coreellian Engineering Corporation, the standard CR90 is roughly 126 metres (413.3 feet) long with a characteristic drive block of eleven ion turbine engines. Although the *Tantive IV* was not designed for battle, six Taim & Bak H9 turbolasers provide the starship

with sufficient defensive and evasion capabilities for most situations. Inspired by its film counterpart, this model is full of authentic details. (And yes, we left out one starboard side escape pod!)

Recognise these little 'characters'? As Princess Leia stores the Death Star plans in her faithful R2-D2 unit, a relieved C-3PO catches up with them, and the two droids depart in an escape pod.

"Are you sure this thing is safe?" Yes, we're missing an escape pod here. With C-3PO and R2-D2 on board, it has already departed - without raising the Imperial Star Destroyer captain's suspicions.
